My Rocket Ship

When I fall asleep, I dream about what it would be like to have a rocket ship. If I have a rocket ship, my first destination would be the Earth's moon, which is called Luna. When I get to Luna I would jump all around. Because there is little gravity, I would be able to jump very high.

After I finished jumping all over the moon, I would fly to Saturn and travel around Saturn's beautiful rings. On my way to Saturn, I would try to avoid a number of Asteroids. Asteroids are large pieces of rocks and minerals.
