A New Artist in New York

By Sandrs Shaw

A wonderful new show of paintings opened in New York last week. Maria Arroyo – Diamond, the artist, is new to New York, but she is not new to art. She grew up in Mexico. She studied with several famous artists in Mexico City. Five years ago, she married Ted Diamond and they moved to Italy. While they were living in ltaly, she was quite popular. She also won several important awards.

Ms. Arroyo – Diamond is a small, very quiet person. But her paintings are very large. They are full of colors and excitement. She explained that the colors she uses are Mediterranean colors. In the Mediterranean area the sky and the sea are usually very bright blue. The houses are often pink, yellow or orange.

In her paintings, the excitement comes partly from these colors. It also comes from her style. She likes to paint large shapes that seem to move. Ms. Arroyo – Diamond's paintings do not show us the real world. Instead they show us her feelings about the world.

We look forward to seeing more work from this young and very fine artist.
