b. Over 30

c. Over 40

d. Over 10

49.Why does Tom enjoy collecting stamps? (จ.32)

a. He loves to travel.

b. His friends collect them too.

c. He makes money from selling them.

d. He likes learning about the history behind them.

Read the passage. Then choose the correct answer. No. 50 – 54

In many hospitals around the world, robots are being used to help doctors and nurses. One robot, called "MediBot," helps bring medicine and food to patients. It moves around the hospital by itself and can speak with patients. The robot can even answer simple questions, like "What time is it?" or "When is my next appointment?" Doctors say that MediBot helps them save time, so they can focus more on treating patients. However, some people worry that robots might take jobs from humans in the future. Despite this concern, many hospitals are happy to use MediBot to help their staff.

50.Which of the following statements is TRUE according to the passage? (จ.32)

a. MediBot can perform surgeries by itself.

b. MediBot is controlled by humans at all times.

c. MediBot helps deliver food and medicine to patients.

d. MediBot doesn't need to be charged with electricity.

51.Which of the following statements is FALSE according to the passage? (จ.32)

a. Some people are worried about taking jobs from humans.

b. Doctors use MediBot to save time in hospitals.

c. MediBot is not allowed in hospitals because it takes jobs from humans.

d. MediBot can answer simple questions like “What time is it?”

52.What can MediBot do besides bringing medicine? (จ.32)

a. Perform surgeries.

b. Answer simple questions.

c. Make appointments for patients.

d. Diagnose diseases

53.Why do doctors like MediBot? (จ.32)

a. It allows them to focus on more important tasks.

b. It can treat patients by itself.

c. It doesn’t need any help from humans.

d. It replaces nurses in the hospital.

54.Why might some people be concerned about the use of robots like MediBot in hospitals? (จ.32)

a. Robots like MediBot might make mistakes when delivering food.

b. Robots like MediBot might reduce the number of jobs for humans in the future.

c. Robots like MediBot are too expensive for hospitals to use.

d. Robots like MediBot might take too long to answer patients questions.
